

FEL-PRO™ OIL FILTER HOUSING ASSEMBLY

SAVES TIME.
SEALS TIGHT.

Our time-saving oil filter housing assembly features durable aluminum construction to resist corrosion and heat, and comes fully assembled with Fel-Pro gaskets, for long-lasting, leak-free operation. Whenever your repair requires a reliable seal, count on Fel-Pro for innovative solutions.

EACH ASSEMBLY INCLUDES:

- ✓ INTAKE MANIFOLD GASKET
- ✓ OIL FILTER HOUSING GASKETS
- ✓ OIL PRESSURE SENSOR
- ✓ OIL TEMPERATURE SENSOR

TIME-SAVING SOLUTION

Fully assembled unit with preinstalled oil pressure and oil temperature sensors, plus a Fel-Pro intake manifold gasket for a hassle-free repair

ENGINEERED FOR LONG LIFE

Robust housing construction resists corrosion and maintains reliable performance mile after mile

COMPLETE REPAIR

Brand-new oil temperature and oil pressure sensors eliminate the hassle of transferring worn or damaged originals

SUPERIOR FEL-PRO® SEAL

Premium Fel-Pro intake manifold gasket and internal oil seals for leak-free operation and consistent performance

PREMIUM MATERIALS

Durable aluminum construction resists warping, corrosion and handles extreme heat for lasting performance

RIGOROUSLY TESTED

Comprehensive validation including high-temperature cycling and high-impact testing to ensure reliable performance

EXTENSIVE COVERAGE

Available for in-demand high-VIO applications

APPLICATION-SPECIFIC DESIGN

Engineered to the specific needs of each application to ensure correct fit for your vehicle
